Annual Report of the SCHOOL BOARD.

FOR THE
YEAR ENDING FEB. 15, 1905.

The Schools of the town for the past year have been unusually successful.

The district has been fortunate in securing the services of experienced teachers for the most part; and where experienced teachers have not been available, new teachers have been employed who have been signally successful; and we believe all our teachers should receive the praise of parents and the commendation of the school board.

In our judgment the district will be most acceptably and faithfully served by retaining the same teachers for the present year as far as possible.

We would again urge the importance of keeping our schools up to the standard, always making improvement and advancement which can only be done by raising liberal sums of money for school purposes, and the wise and economical expenditure of the same, with but one object in view, — the education and elevation of our youth.

Respectfully Submitted,

Arthur P. Merrow,	} School Board of Freedom.
